MEMORANDUM FOR: Assistant Deputy Director for Plans

**SUBJECT : Compatibility of Proposed Office of Security
Index System with the [REDACTED]**

25X1A

1. Our Office appreciates your interest in the compatibility aspects of the two systems as expressed in your memorandum of 15 October 1963. After discussing the matter with the Office of Computer Services and with a representative of the DDP Systems Group, we will adopt the general rules for the formatting of personal names as proposed in Tab A of your memorandum.

2. By accepting your rules for personal names, this Office cannot be bound to changes of rules in the future once our project is underway, but any recommendations for changes will be reviewed as to feasibility of adoption in the conversion program. Conversely, we do not expect your Office to change its rules should it be necessary for us to adopt a rule change.

3. The Executive Director/CIA has approved the OS/SRD Index Project for the DDCI and plans are now underway to begin operations in early January 1964.

4. The Office of Computer Services has again reiterated willingness to work with the DDP Systems Group for the purpose of exchanging information and to utilize insofar as possible your technical and programming experiences.
